JURY TRYING ARBUCKLE IS HUNG UP BY ONE WOMAN

Tells Foreman She Is For Conviction Till Hades Congeals

HITS STATE HARD

Prosecution's Effort Is Insult Says Head Of Discharged Jury

(Special To The China Press)

San Francisco, December 4.—Great excitement prevailed here today when August Fritze, the foreman of the jury trying Roscoe (Fatty) Arbuckle announced that the disagreement was due solely to the obstinacy of one woman juror who announced at the start of the jury secret sessions that she was for conviction.

"She later asserted," Fritze said, "that she would vote for conviction 'until Hell froze over,' and in the face of such an attitude we could do nothing but disagree. When she had worn out our patience, we so reported and have been discharged."

Fritze further said that practically all jurors except the obstreperous woman considered the prosecution's presentation of its side of the case as an insult to their intelligence. They were asked to convict without a single fact warranting conviction being put before them.

It is understood that the final ballot showed that ten jurymen favored acquittal.

ROTARIANS GIVE SCHOLARSHIP TO AMERICAN SCHOOL

Yesterday morning, at 10 o'clock, before a large gathering of the faculty and pupils, the Rotary Club presented a Bursary of $500 to the Shanghai American School, to be given to the young man who has done the most to serve his school during his High School course.

The deputation from the Rotary Club, headed by the president, Mr. Harold C. Norman, and including Mr. George J. McCarthy, vice-president, Dr. Julien Petit, secretary, and Mr. E. C. Stocker, director, were received by the Principal Mr. W. W. Bartlett—also a Rotarian—and introduced to the assembled school. Mr. Norman gave a brief account of the founding of Rotary a few years ago, mentioning that the movement has now spread to Great Britain, and that there are now 1,017 clubs, 73,000 members, and a monthly magazine with a circulation of about 100,000. After dealing with the objects and the benefits of Rotary, Mr. Norman dwelt at some length on the meaning and application of the motto of the Club Service; he profits most who serves best, giving some account of Rotary's activities in the carrying out of that principle.

Dr. Petit, secretary of the Club, having then addressed the School, Mr. Norman made the formal presentation of the Bursary, which provides that the scholarship may be used in any American or European college or university and will be paid in four equal instalments, one during each year of the college course. The prize will be awarded the member of the graduating class of June 1922 who has done the most to carry out the ideal of "service," which is the watchward of the Rotarian organisation.

Adml. Bullard On Visit To Peking

(Reuter's Pacific Service)

Peking, Dec. 2.—Admiral W. H. G. Bullard, commanding the American Yangtsze patrol, is visiting Peking accompanied by Mrs. Bullard, having arrived from Hankow last Wednesday. Admiral Bullard's visit, is expected to last a week, during which time he will call on the Ministers of The Navy and Foreign Affairs.

He is accompanied by his Aide, Lieutenant Fricke, who was formerly stationed with the Legation Guard in Peking.

She Seeks Nomination As Enemy Of Blue Laws

AMONG the many contests for nominations in the primary elections in Jersey City, N. J., that which aroused perhaps the liveliest interest was the attempt of Mrs. Emmeline Moller Irre to obtain a place on the Republican ticket as a representative in the next State Assembly. Mrs. Irre was believed to have remarkably good chances of capturing the nomination, as she had taken a stand against all blue laws and, specifically, against the State Prohibition act, known as the Van Ness law.

PRES. HSU IS CONSIDERING RESIGNATION OF THE GOVT.

Advisors Say Stay, When He And Premier Try To Quit

(Kuo Wen News Agency)

Peking, Dec. 5.—In connexion with the present political crisis, President Hsu Shih-chang has ordered Chang Shou-ling to tender his resignation. Chang Chi-tan has applied for leave of absence.

Two days ago both President Hsu and Premier Chin Yun-peng intimated their intention of sending out telegrams announcing their resignations.

Certain important politicians have urged them to remain. Chin refused to attend Saturday's cabinet meeting, and it was not until he was invited several times by Kuo Che-yun, Secretary of the Cabinet, that he attended the meeting.

As a result of General Chen Chiung-ming's firm attitude in connexion with Canton's four demands regarding Macao, martial law has once more been declared at Macao.

Four Thousand Students Are Interested Visitors At The Automobile Show

Large Attendance Of Chinese Yesterday; China Press Awards To Be Made Tomorrow

Students' day at the Automobile Show drew an attendance of upwards of four thousand visitors, mostly young people of both sexes from the city's various educational institutions, to the big exhibition at Verdun Gardens. In the evening there was a large attendance, with Chinese heavily predominating.

Foreign style dancing gave way to Chinese entertainments in the big ball room, and while the place was not as animated as last week, yet the crowd seemed to have a good time. The caterers from the Chinese Garden moved their equipment into the larger ball room, and with waiters rushing about with trays laden with food and drink, the place needed only a jazz orchestra and some foreign "steppers" to remind the visitor of last week's activities in the ball room.

That the Chinese students who visited the show yesterday are keen about motor cars was indicated by the way they raided the tables on which advertising literature had been arranged. Catalogs and booklets were carried away by the hundreds, each young visitor being literally loaded down as he left the building.

The show will continue today and tomorrow, with a big "wind up" at midnight tomorrow, at which time the award of the Willys-Knight motor car being presented by THE CHINA PRESS and the Dodge car being given by THE EVENING STAR to the two lucky subscribers will be made.

In addition to these two chief prizes, THE CHINA PRESS-EVENING STAR are each giving ten valuable consolation prizes, which will be awarded at the same time as the cars.

Manager Arthur West spent the whole of yesterday with photographers, taking pictures of the various exhibits at the show for use in a commemorative booklet which the show committee will publish some time this month. In this book, which is to be beautifully printed, there will be one or more photographs of each exhibit at the show, together with a number of general views of the buildings and grounds.

Copies of this booklet will be sent to manufacturers and trade papers in all parts of the world, by which means wide publicity will be given to the Shanghai auto show. Many of the exhibitors have expressed the opinion that members of the trade in other parts of the world will be agreeably surprised when they see photographs of the Shanghai show, just as local residents were surprised when they entered the main building at Verdun Gardens.

Small-pox Epidemic Still Ravaging The Local Community

The small-pox epidemic continues its ravages among the foreign population, with a daily average of two new cases being admitted to the Isolation Hospital.

Physicians in Shanghai have been emphatic in their warnings to the unvaccinated and point to the number of deaths as evidence. According to the statement of doctors here, nearly all of the deaths recently have been in cases where the patient had not been inoculated.

All of the downtown hotels have placarded their lobbies with notices warning guests of the dangers of the epidemic and advising vaccination.

"Open house" has been the order of the past week in the offices of the doctors, who have been swamped with visits from their clients desiring vaccination.

ANGLO-JAPAN ALLIANCE IS NEARING END SAYS LONDON

Balfour, Kato, Hughes Meet And Decision Is Abrogation?

(Reuter's Special Service)

London, Dec. 3.—A report from Washington that the meeting of Mr. Hughes, Mr. Balfour and Baron Kato on December 2, subject to the approval of the Home Governments, virtually agreed to scrap the Anglo-Japanese Alliance and to substitute an understanding between the United States, Britain, France and Japan whereunder the Powers agree to the non-fortification of the Pacific Islands and Japan accepted a sixty percent naval ratio, appears to be in the nature of intelligent anticipation.

Reuter's Correspondent at Washington says that the greatest importance is attached to the meeting which, it is understood, was marked by the greatest cordiality and conciliation on all sides. Complete secrecy is maintained in regard to the actual proposals made, but it is felt that a great deal was accomplished and that the stumbling block of the naval ratio is in good process of satisfactory solution.

It is understood that Mr. Balfour acted as mediator most successfully. It would not be a surprise to learn that Japan's suggestions in consideration of giving up the demand for a seventy percent ratio included some kind of arrangement whereby her national surety would be secured. It is not yet clear whether this will be in the form of a agreement between three or four Powers to replace the Anglo-Japanese Alliance, but it seems certain that some kind of negotiations of this sort are in progress.

The optimism which has been such a remarkable feature of the Conference seemed to reach a climax on Friday. With the solution of the naval difficulty it is felt that the other issues will be more readily solved.

French Press Anti-British But London Sees Way Out

(Reuter's Service)

London, Dec. 4.—It is now regarded as very likely that Mr. Lloyd George will be compelled to abandon his visit to Washington, not merely owing to the dangerous position of the Irish negotiations, but because with M. Briand's return, it is thought desirable on both sides of the Channel that the two Premiers should confer on various matters which recently threatened to prejudice the Entente.

A section of the French press is now distinctly anti-British. One paper which printed prominently a long list of grievances against Great Britain, even describes the Entente as a yoke wherein England's part is to hinder France from pursuing her national policy.

Commenting yesterday in a leading article on the hot debate in the French and English newspapers, the Times said that it refused to admit the possibility of a break-down of the Entente, but the Observer, in the course of an article denouncing the suicidal Versailles system of indemnities and urging drastic reduction of the Reparations payments, declares: "If the Entente stands in the way it must be sacrificed in order to enable our trade and commerce to recover and to prevent the common ruin of England, France and Germany." The Observer declares that a quadruple Anglo-French-Italo-German partnership is necessary to save Europe.

MEET ON NEAR EAST

Paris, Dec. 4.—The Foreign Office announces the adoption of Lord Curzon's suggestion to hold a conference of the British, French and Italian Foreign Ministers to discuss the Near Eastern problem. A meeting will be held shortly, probably in Paris. The discussions are likely to be extended to other subjects, notably reparations.

IRISH CABINET NOT OPTIMISTIC OVER PROPOSALS

JAPAN NOW SEES HER WORLD POSITION HANGS ON THE NAVAL QUESTION

Delegates Mark Time While Waiting Word From Tokio, But Many Private And Unofficial Confabs Are Held Over Sunday—Momentous Decision Awaited With Eagerness By All The Delegates

POWERS MAY TAKE HAND IN CHINA

Fear China Unaided Cannot Bring About Full Restoration Of Peace And Financial Stability Without Outside Aid, But Some Are Objecting

(Special To The China Press)

Washington, December 4.—Although the Disarmament Conference has taken a recess until Wednesday, the delegates held informal sessions today. The Far Eastern question comes up again at Wednesday's meeting, but it probably will go over a day.

The Navy scrapping program waits on word from Tokio, and the Japanese now believe that the question of accepting or rejecting the 5-5-3 proposal is bringing their country to the most momentous decision of her history. Shantung, Manchuria and all the other questions, they now see, are but markers in the game and the real stakes that constitute the value is the position that she will take in the world's eyes by reason of the decision as to naval disarmament.

The latest suggestion regarding China is for the Consortium to furnish a basic plan to aid China and restore her to stable political and financial conditions. The argument has been advanced that it is hopeless to depend on China to do this herself and that outside assistance is an absolute need.

On the other hand, some of the delegates, notably the Japanese, say that China's financial and political status must be threshed out by the Conference as a whole. They have adherents to this view.

NOT SEPARATE PARLEY

(Trans-Pacific Public Ledger—China Press Exclusive Service)

Washington, Dec. 3.—The Shantung negotiations are not separate negotiations as continually asked by Peking. The question was taken up prematurely because it was raised in the discussions of the status of Japanese troops in Shantung and Manchuria.

The British and American delegations made an offer of their good offices in mediation, and the Chinese were unable to refuse, but the negotiations are not secret and not confined to the Japanese and Chinese alone.

The first negotiations today were attended by Secretary of State Hughes and Mr. Balfour who both urged a frendly statement of the case in the interest of peace. It was agreed by both sides that at all sessions of the Japanese and Chinese delegates the representatives of the British and American delegations will attend and the final settlement or break will be reported in full to the committee on Far Eastern affairs, thus bringing the negotiations under the auspices of the conference.

It was stated that the Chinese are standing pat on their original terms. The Japanese position has not been announced. There is much excitement among the Chinese here who think that separate negotiations have been started and are bitter in their views.

The conference is at its most critical point on account of the Navy dispute and the Shantung controversy having arisen simultaneously. The British state their willingness to consider naval reductions independent of land disarmament, ending the danger of the French position wrecking the conference.

The majority of the American press favor the Wood-Forbes report on the Philippines, agreeing that immediate independence is not wise.

A hopeful sign is that both British and American spokesmen assert that there is no cause for the wave of pessimism and fear that the conference is on the rocks.

SZE THANKS THEM

(Reuter's Service)

Washington, Dec. 3.—Mr. Alfred Sze, following Baron Kato, before the Committee in Far Eastern affairs added his thanks to Mr. Hughes and Mr. Balfour for their friendly offices in connection with the object of arriving at a fair settlement of the Shantung question which he described as vitally important to China.

Mr. Sze said that the difficulties connected with the question, were well known, and it was unnecessary to dwell upon them, that it was universally admitted that conditions were unsatisfactory and that an early and speedy resolution which would be fair, just and satisfactory to Chinese desires and aspirations would be necessary.

He expressed China's gratification at Japan's recognition of the difficulties confronting the Chinese Government regarding the method of settling the question—difficulties which made it necessary to resort to the present procedure initiated under the good offices of Mr. Hughes and Mr. Balfour on behalf of their respective Governments.

When the meeting resumed this afternoon Prince Tokugawa replaced Baron Kato. The two delegations concerned agreed that in discussing the Shantung question they would take actual facts and not academic points of view as a basis which would be solely directed towards the promotion of mutual understanding and good neighborliness between China and Japan and not giving ground for the least inference that the discussion was based on treaty arrangements.

WANT GERMANY IN
(Reuter's Service)

Washington, Dec. 3.—With reference to the American belief that the Disarmament Conference will determine whether outside nations should be invited to attend the concluding negotiations, it was revealed a week ago that high administration officials considered that Germany and some other nations should be asked to join in any agreement which the Conference might reach.

ALLIANCE NEAR DEMISE
(Reuter's Service)

London, Dec. 3.—The Times correspondent at Washington is responsible for the statement that at the next plenary sitting of the Conference Mr. Hughes may be able to foreshadow some painless demise for the Anglo-Japanese alliance or its "translation to a higher plane of four dimensions."

JAPANESE STILL COUNTER
(Reuter's Service)

Washington, Dec. 3.—During the Sino-Japanese discussion on the Kiaochao railway question, the Chinese delegates pleaded for its complete restitution and offered Japan suitable financial consideration. A Japanese counter-proposal urged the advantages of a system of joint Sino-Japanese control.

It is reported that the question of American fortifications in the Pacific, Japan's desire to retain the Mutsu entered new developments during the Big Three's discussion of the naval proposals mentioned earlier.

TIMES SEES WAVERING

London, Dec. 3.—The Times states there are signs at Washington that Japan will modify her demand for a 70 percent capital ship tonnage.

Indeed some Japanese delegates explain that the demand was never made, by which they apparently mean that it had not been submitted formally, but only formed the substance of the Japanese arguments in the naval negotiations.

This method of bargaining is not likely to improve the moral status of Japan in the eyes of the American people, whose interest in the Conference is intense.

If the report of the Japanese interests is accurate, as to their acceptance of the Five-Five-Three ratio, it probably will be found to be contingent upon conditions regarding the non-fortification of naval bases in the Pacific.

Some progress has been made with the Shantung question, though not without the necessity of reminding sundry Chinese delegates that their tactics were also the reverse of helpful; nevertheless the prospect of reaching through the Conference a basis for the improvement of the situation in China is now better than it has previously been, and when the naval tussle is finished, the Chinese outlook may also be clearer.

RATIO OF 5-5-3 EXPLAINED
(Reuter's Service)

Washington, Dec. 3.—American sources have disclosed some details of Mr. Hughes's Five-Five-Three ratio proposal in connection with naval disarmament as explained by American naval experts in reply to the Japanese counterclaim for a 10-10-7 ratio.

Replying to the Japanese request for an explanation of the means by which the existing strength of the British Navy was calculated at at 600,000 tons, the American experts declared that although Britain had not laid down the keels of the new Hoods and the Japanese had not laid down the keels of the Takao and Atago, they had spent money on all.

When these ships were included in the lists of the respective nations' tonnage the measure of naval strength stood as follows: United States 1,118,000 and Japan 558,000 or the ratio for the United States 100 percent and Japan 53 percent. With regard to the 60-50-30 ratio of existing strength, the American answer explained that war conditions caused Britain to suspend her building program and consequently British ships were relatively of an older type than the ships of the United States and Japan.

This fact had been considered in alloting her 604,000 tons at present.

Scope Of Bye-Laws To Be Defined In British Court Ruling

Whether traffic bye-laws of the International Settlement apply to roadways outside of the limits of the Settlement and the measure of the Municipal Council's authority over thoroughfares outside of the Settlement limits are questions to be ruled on in the British Supreme Court following a hearing at which arguments were presented yesterday before Judge Skinner Turner and Assistant Judge Peter Grain.

The case was taken into the British Supreme Court on an appeal taken by the Municipal Council from a ruling that was given by Police Magistrate King when the Magistrate dismissed a charge against C. P. Rakusen on the ground that a traffic bye-law does not apply to roads outside of the Settlement limits. Mr. D. McNeil and Mr. N. H. Langley Smith appeared for the Municipal Council yesterday while the respondent did not put in appearance. The case has been taken under advisement.

PROTEST THE SURTAX
(Reuter's Pacific Service)

Peking, Dec. 2.—The United Chinese Chambers of Commerce have telegraphed a protest to the Government against the imposition of a surtax on the inland customs revenues in aid of famine relief. In reply to this message the Minister of the Interior has instructed the Military Commissioner at Shanghai to inform all public bodies that the surtax will be removed as soon as $700,000 has been collected.

LANDLORD SCORES IN DECISION ON RENT QUESTION

Mr. Hardoon's Tenants Given Three Days In Which To Make Payments

Six tenants of Mr. S. A. Hardoon on Hardoon Road against whom ejectment proceedings were begun in the Mixed Court when they refused to pay increases of rents were given three days by the Mixed Court yesterday to make the rental payments. The Court refused to issue ejectment orders asked for yesterday, but held that the prevailing rentals appeared to be fair, so the three-day period was fixed and if payments are not made in the period the Court announced that ejectment proceedings then will be entertained.

Mr. Hardoon testified that he had raised the rents on his houses in the eighth moon but had delayed putting the raises into effect until the tenth moon because of objections by his tenants. During the tenth moon he had a conference with the tenants' union, he testified, and they agreed that a $2 a moon raise on each unit would be fair. Such a raise was consequently put into effect.

"All the other tenants except these six and a few others who have promised to pay have paid," Mr. Hardoon said. "I collect $9,500 each moon, and it has all been collected for the tenth moon except $900. These six refuse to pay at all."

"When I built the houses about eight years ago I had to let them for ten dollars a moon," Mr. Hardoon continud, "and many of them were given from one to three months rent free. I realised only 3 percent on my investment at that time.

"Recently I have received an offer to let the entire block for $25 a unit but didn't want to and so ordered a $5 raise after conference with my tenants."

"What is the return on the rents you are now charging?" Assessor Blackburn asked.

"Under 8 percent," Mr. Hardoon answered.

"Are you prepared to produce your books to prove that statement?" asked the Assessor.

"Yes," Mr. Hardoon said. "As a matter of fact the 8 percent is a return on money actually spent 8 years ago. At present day values my return is under 4 percent."

Lushan Conference Proposer Confident Civil War Will End

At a dinner given at the Great Eastern Hotel Sunday night to which foreign newspapermen were invited, General Chang Shao-tseng, proposer of the Lushan Conference, expressed his firm belief that the end of armed conflicts between militarists in China is drawing near. He has received assurances, he stated, from the military authorities of no less than 16 provinces as well as from an influential section of the military officers of the South that they are in real earnest about stopping internal warfare.

He said the foreign press in Shanghai is in a position to render a very great service to the cause of republicans in China by making known the actual conditions in this country and by offering constructive criticisms regarding the Chinese situation.

General Chang left for Nanking yesterday morning and will visit the Northern provinces before the time proposed for convocation of the Luchan Conference.

Man Called To Door And Shot To Death By Unknown Assailant

A Chinese land broker, Nyi Ching-sung, was called to the door of premises at 347 Kiukiang Road Saturday night and shot to death by an unknown assassin.

The broker, according to testimany given at the inquest yesterday, was playing dominoes with three others in the Kiukiang Road address, which is used as a gathering place by brokers, when two men entered and stated that Nyi was wanted by a friend outside. Nyi had scarcely crossed the threshold when two shots were fired, at such close range as to burn the victim, and he rushed back into the house and collapsed. One bullet entered the chest and the other the back.

The widow yesterday told of a man her husband had expressed fear of and the police are now searching for him. He is also wanted by them in connection with another shooting affray which occurred recently. The victim had a court record and had been expelled from the Settlement.

One Year From Now—

it will cost you a little more than it would today to have your life insured. If you delay three, five or ten years, it will cost you considerably more. Yet the protection that you can obtain today at the lower rate is the same that you would pay more for later on.

Also, three or five years from now it may be too late. Sickness or accident may deprive your family of the valuable benefits of life insurance unless YOU take the initiative NOW. The responsibility rests with you.

HEAD OF SINCERE COMPANY DEAD AFTER ACCIDENT

The Chinese commercial community sustained a sad loss yesterday in the death of Mr. A. O'Ben, Managing Director of the Sincere Company, who passed away in his 52nd year at 2:30 a.m. at the Paulun Hospital, Burkill Road.

About two weeks ago Mr. and Mrs. O'Ben attended the funeral of the late Dr. Y. C. Tong, "Father of the Returned Students," and on their way home their motor car turned over and they were caught below the machine, Mr. O'Ben suffering the hurt which led to his death. Both were injured. The remains of the deceased will be placed in the coffin at 9 o'clock this morning in his residence at Kiangwan and the date of the funeral will be announced later.

Mr. O'Ben is survived by his wife, four sons and five daughters, the eldest son being in Canada and the second son in England in charge of the London branch of the Sincere Co.

HAS MODEST START

Starting to sell cloth in his native home at Heungshan, Kwangtung at 17 with the disadvantage of having received but a limited education, Mr. O'Ben had the visions of a great merchant. After doing business for some years at Macao, he left for Australia in his 27th year. In Sydney he established the Tai Sang Fruit Store, in which he and several friends were partners. Having earned good dividends in this business he returned to China at 43 and in company with Mr. Ma Ying-piu and others founded the Sincere Company which started with a capital of $25,000. Today the Sincere Co., with a paid-up capital of $7,000,000 and some 3,000 men on its payrolls, owns three large stores doing business in Hongkong, Canton and Shanghai, operating factories in Hongkong, Canton and Shanghai and running two hotels—one in Canton and one in Shanghai. To Mr. O'Ben belongs a great share of the initiative and courage responsible for the marvelous growth of the business. Apart from his own duties as Managing Director of Sincere Co., Mr. O'Ben gave his rare executive ability a wider scope of usefulness by assuming additional responsibilities as director of the Bank of Canton, promoter of the National Commercial and Savings Bank of Hongkong, director of the Li Man Hing Kwok Knitting Company, promoter of the Nanyang Brothers Tobacco Co. and of the Chung Hwa Cotton Thread Manufacturing Company, advisor to the Chinese General Chamber of Commerce, and for several years General Manager of the Sincere Insurance and Investment Co., a separate concern capitalised at $1,000,000.

WAS ACTIVE CHRISTIAN

Mr. O'Ben was a staunch Christian and took an active part in Christian works. He was baptised in Australia at the age of 30 and had the satisfaction of seeing his whole family embrace the Christian faith eight years afterwards. He was instrumental in converting his five brothers and three sisters to Christianity.

He helped to establish and maintain the Cantonese Union Church at North Szechuen Road, of which he became a deacon and he assisted in increasing the congregation from a small group to one of more than 400. He was also a member of the Christian National Salvation Association.

Mr. O'Ben, assisted by his wife, a lady of high literary attainments, took a keen interest in the cause of education. He founded at Kiangwan the Ling Sang Industrial School where boys and girls are taught to earn their livelihood in the industrial field, and the Ling Sang Middle School. The income derived by these two schools from the nominal charge made for tuition being insufficient to cover the expenses, there exists an annual deficit of more than $10,000 and this is met by Mr. O'Ben's personal funds. He was also the founder of the Wai Kwong Free School for Girls at an annual expense to himself of $2,000. Mrs. O'Ben is herself the principal of this school. Mr. O'Ben also contributed liberally to the support of the Cantonese Union Church School for small boys and girls.

As an active member of the local Committee and the National Committee of the Chinese Y.M.C.A., the Chinese Red Cross, the Chinese Famine Relief and the Overseas Chinese Association, Mr. O'Ben, who from time to time met generously appeals for charitable undertakings, rendered creditably his share of social service.

In his private life Mr. O'Ben lived according to the rules of strict frugality. He was a modest man, a man of few words, polite and affable to all. As a warm-hearted executive, an unselfish friend, and a champion of philanthropic enterprises, Mr. A. O'Ben will be greatly missed by all who had the honor of his acquaintance.

Appreciation Of High Character Of Mr. O'Ben

BY DR. FONG F. SEC

(Of the Editorial Department Commercial Press and a close friend of Mr. O'Ben)

The passing away of Mr. O'Ben deprives Shanghai, especially among the Cantonese population, of one of its widely-known and most highly esteemed and useful Chinese citizens. It was only seven or eight years ago that he came to Shanghai to help start the Sincere Company. He won his popularity and ensconced himself in the hearts of so many people in this comparatively short time through his varied commercial, educational and religious interests.

As one of the managers of the Sincere Company, which he helped to organise in 1900 in Hongkong, the capital of which concern is now $7,000,000 Mexican, he was untiring in looking after its welfare. He was considerate of the employes, many of whom found in him a sympathetic friend. He was particularly interested in the moral and welfare work for the firm's big staff.

Starting life as a poor boy he knew the value of money and the good that it can do. Through hard work, thrift and judicious investments he amassed a fortune. Instead of leaving it to posterity, he decided to use it in a way that will do the most good, and opened the Ling Sang Industrial School on Kiangwan Road, where preference is given to widows and orphans to obtain an education and learn a handicraft by which they can make a living.

I know him best as a religious worker and leader. He and Mrs. O'Ben came to Shanghai at about the time that we were starting the Cantonese Union Church. They cast their lot with the new church, and at once Mr. O'Ben became its pillar. He gave freely of his means for its support, and the work of the church was constantly in his thoughts. He took initiative and he was always willing to bear responsibilities. I do not know how we shall be able to get along without him in the church that he helped to found.

He lived a full life to the last. In spite of the handicaps of meager education and early poverty, he carved out a good-sized fortune and won an enviable standing in the circles in which he moved. His exemplary career was characterised by great energy, devotion to duty, broad sympathies and due recognition of the power of Christianity to help human lives. A good man has gone to his rest, but the memory of him will remain green among his hosts of friends and co-workers for years to come.

Come To Manchuli Says Chita; Better Peking China Avers

(Kuo Wen News Agency)

Peking, Dec. 5.—The Russian delegates at Manchuli have telegraphed to the Ministry of Foreign Affairs urging the Chinese delegates to proceed there immediately for the conference on the Chinese-Eastern Railway question. The Chinese government has telegraphed in reply inviting the Russian delegates to come to Peking.

LETTS AND POLES NOW NEAR CLASH

(Reuter's Service)

London, Dec. 4.—The long-standing sore between Poland and Lithuania about the possession of Vilna is reassuming an ugly appearance. The Polish General Zeligowsky, who seized Vilna long ago, is now resigning but the change is merely nominal. The Poles are determined to hold an election for a Constituent Assembly, beginning in January. This the Lithuanians vehemently resent.

While the whole question of the disposal of Vilna is still under consideration by the League of Nations and the country is under military terrorism, General Zeligowsky has issued a decree surrendering supreme power over Central Lithuania to M. Meyszkowicz, a former member of the 1914 Duma and the Council of State in Petrograd.

PEKING AFTER FUNDS

(Reuter's Pacific Service)

Peking, Dec. 1.—After his return to Peking from Paotingfu, where he discussed financial affairs with the delegates, Mr. Kao Ling-wei, Minister of Finance, visited the President and emphasised the necessity for a special financial conference in Peking at an early date. It is reported that President Hsu concurred with this suggestion.

In response to several telegrams urging him to return to Peking forthwith to assist in re-establishing the Bank of Communications on a firm basis Mr. Liang Shih-yi has informed the Government that he will leave Shanghai for Peking within the next few days.

BRITISH SHARE FRENCH VIEW AS TO THE MOSLEM

(French Wireless through Reuter)

Paris, Dec. 4.—The Daily Telegraph has published a story, showing that the position of France with regard to the Mohammedans, is shared by certain British statesmen. It is an account of an occurrence at the residence of Lord Reading, the Viceroy of India.

Mohammedan delegates had come to protest against the situation created in the East by foreign control at Constantinople, by the assigning of Smyrna and Thrace to the Greeks and by the abolition of Turkish sovereignty at Mecca and Medina.

Lord Reading told them, according to the story published by the Daily Telegraph, that their ideas would be communicated to the British Government with all the authority which the Indian Government could command. The Viceroy went even farther and informed the delegates that "Mr. Lloyd George has pronounced in favor of the suppression of international control at Constantinople with reservations relating to the internationalisation of the Straits in the common interest of Turkey and general peace."

VIEWS BEAR FRUIT

Lord Reading even added "that the views of the delegation with regard to Thrace have already borne fruit and when the conditions are known it will be observed that the views of the Mohammedans in India are playing a greater part that is imagined up to the present, especially in matters into which the question of religion entered.

The Temps emphasises that these interesting declarations, in which one can distinguish the political wisdom of Lord Reading, prove that the British Government understands the necessity of conciliating Mohammedan opinion, by stating officially that it respects the rights of the Turks.

The journal declares that there will be no possibility of peace in the Near East while an undertaking has not been obtained from King Constantine and his Ministers to evacuate the whole of Asia Minor and to refrain from maintaining there any pretext of intervention.

If the British Government could obtain this pledge from M. Gounaris, it would render a great service not only to the Mohammedans, who have made evident their opinions in India, but also to the Christian population of Asia Minor, who are suffering cruelly from the Greco-Turkish War, of which they are the pretext and who will only find definite guarantees in a treaty negotiated between the principal Allied Powers and the Turks.

FRENCH TO ACCEPT

Paris, Dec. 4.—The Matin announces that Count de Saint Aulaire, the French Ambassador in London, has informed M. Briand of the proposals of Lord Curzon for the holding of a Conference in Paris on the Near East. The Matin understands that the Government is entirely disposed to accept but is now considering the possibility of proposing a more general conversation, touching on all questions at present interesting France.

Force To Enforce League Decree Is Strongly Urged

(Reuter's Service)

Paris, Dec. 3.—A deputation of the British League to abolish war, headed by the former Cabinet Minister, Mr. Barnes, the Labor leaders, Messrs. Bowerman and Kennedy, and the promoter of the League, Mr. Herbert Stead, was received today by M. Leon Bourgeois, former President of the League of Nations and Peace Conference and now President of the French Senate.

The deputation insisted upon the need for an international police force always at hand to enforce the decisions of the League of Nations. They readily admitted France's special situation and wanted her surety internationally secured. Replying, M. Bourgeois recalled the fact that France had always insisted on the League of Nations being given real means of enforcing its decision. When the rights and security of peaceful nations were adequately protected the solution of disarmament problems would be an easy matter.

Strokeside And Anderson Meyer Win At Basketball

Beat Public School And "Y" Fives, In Fast And Scrappy Games

Basketball at the Rowing Club last night was a fast, clever and scrappy game, with the Strokeside Rowing Club five opposing the Public School, and the Y.M.C.A. quintet meeting the Anderson Meyer team in the second number. The four teams were as nearly matched as early season fives ever are and the result was interesting games. The Strokeside won over the School at 34-20, while the A. M. Co. team beat the "Y" aggregation by a score of 37-26.

The opener was a fine exhibition of basketball. The Strokeside appears to rank at the top of basketball talent this year. They played the School boys to a standstill with their speed, their passing and their shooting. The School however was not easily beaten. They played a nice game as far as points of style went, but were beaten by a small lead from the beginning by the more experienced and stronger Strokeside men. At half time the score was Strokeside 16, School 10. The School made 10 more in the second half but the Strokeside with a stronger attack piled up 18. Neprud's and Nash's shooting were the features for the Club, while Levis' and Johansson's passing and goal counting shone out for the School.

The second game was a scrappy mix-up from the opening whistle until the last call of time. The Hong team led at 19-17 at half time, with the game appearing to be anybody's. Wythe's shooting was one of the spectacular features of the game. He shot from the most handicapped positions and always seemed to score. Scott, who relieved Morrison also had a good eye for the basket. Bartlett for the "Y" did the bulk of the scoring for his team, with Van Hook and Posner assisting in shooting and in clever team work. Davis was strong in the back field though he didn't get up to the basket.

Tonight the play shifts to the "Y" floor with the American Trading five and the Standard Oil team making their first appearance of the season at 9 p.m., and the American School journeying to the Shanghai College for a game, a time to be arranged between the captains, probably before dinner.

Customs Win From "A" Co. On Sunday

The Customs Company ran away with "A" Company yesterday afternoon in the Shanghai Volunteer Corps Sunday soccer football series. The score was 8-2.

The "A" team lost by its lack of combination. Clifford played an excellent game for his eleven, supported by Hinton, A. Deer and Capt. Monk at goal.

Ogden and Barnes stood out for the Customs, the former scoring three goals, and the latter four. The play of these two men demoralised the "A" company players. Marden also scored a goal for the visitors.

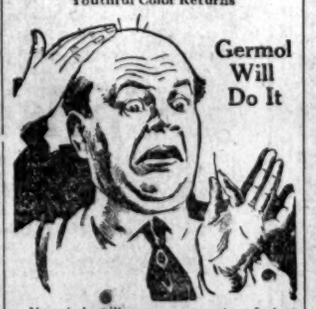
You'll Not Be Bald Even At 80

Hair Stops Falling, Hair Made Beautiful, Youthful Color Returns



Your hair will never grow out as fast as it falls out. You can make it, not only stop falling out, but grow beautifully, besides restoring its natural, youthful, normal color. This is done by the amazing discovery, GERMOL. It gives every hair root its original youthful vigor and makes the scalp active. Every hair root sac develops great strength in gripping the hairs so they cannot fall out. The hair begins to grow profusely; its color returns. GERMOL is not a dye. GERMOL is a vigor intensifier. Your first trial will prove these startling results. End your hair troubles at once. Use GERMOL, you will need nothing else.

HURON WINS OVER 12TH DIV'N NINE AT HONGKONG 2-1

(*China Press Correspondence*)

Hongkong, Nov. 29.—The Huron today defeated the 12th Division composed of U.S.S. Rathburne (113), Talbot (114), Waters (115), Dorsey (117), Roper (147) and Zane (337) by the score of 2 to 1 in a seven inning game. Brenner, the fast short stop for the Huron, was much missed, the hole at short letting the 12th score their only run when they drove a liner through Kirtland who made his second error of the game, although he made up for it in the fourth when he drove one through short and third which scored two runs. Tucker, the 12th's center fielder, was the star of the game for the 12th and Callery had the batting honors. Prehm and Lamke played fine ball for the Huron. The Huron is expecting a few games in Manila with the 31st Inf., Cavits and Meralce. In spite of the loss of Weaver, O'Barr, Larkin, Johnson and several others they hope to give a good account of themselves.

Shanghai Defeats Navy On Weight And Tactics, 32-0

Civilians Outclass Sailors At Every Stage Of Game

Outweighed, outplayed, outgeneraled and hopelessly beaten by an eleven much too heavy, the football team from the U. S. S. Tracy lost to the Shanghai American football team Sunday afternoon at the Race Course by a score of 32-0.

The game was a hummer to watch as Quarterback Neal used about everything in his stock and the result was a variety of play by the civilians. Several long forward passes were successful, with Mal Maloney tossing the leather to both Tinkham and Neprud. One of the passes carried forty yards.

The sailors tried the forward pass twice but it failed each time, once when Neal rushed out and caught the ball, and again when Neprud intercepted.

The sailors were game enough but they were opposed by a combination of weight and experience. The Navy made but one first down during the entire forty minutes of play while the landsmen tore through the line and circled the Tracy ends, at will.

Of the five touchdowns scored by the civilans Maloney scored three with Neprud and Dunn making the others. Tinkham kicked two goals.

Open play featured the Shanghai attack, the landsmen shooting men around on long end runs, and direct passes. The interference was excellent.

Maloney, Dunn, Whitcomb and Neprud stood out as the stars for Shanghai with Miller and Robinson showing well for the Navy. The sailor quarterback is a snappy little lad.

Shanghai played the following men: Tinkham and Bud Hewitt LE, Hirsch LT, Whitcomb LG, Gallop C, Marsden RG, Smith and Whiteman RT, Neprud RE, Neal QB, Dunn LHB, Maloney and Smith FB, Wilhoit and Hick Hewitt RHB.

Many of the fans who saw Sunday's game expressed the hope that the Tracy eleven and the American School or the Shanghai light eleven get together for a game.

Marines Beat 15th Infantry At Peking

(*Staff Wire To* THE CHINA PRESS)

Peking, Dec. 4.—American football was introduced in Peking today, the first game to be played here drawing over 1,000 people who saw the United States Legation Guard revenge the Thanksgiving Day defeat by the 15th U. S. Infantry from Tientsin.

The score was 7-0, Nelms scoring the Marines touchdown.

The Legation Guard eleven now claims the championship of North China and hopes to arrange a game on New Year's Day in Shanghai for the championship of China.

The Marines outclassed the soldiers today in all departments of the hard-fought game and the Peking goal line was never in danger.

It was a complete reversal from the Thanksgiving Day form displayed at Tientsin when the 15th Infantry won by a score of 19-7.

Kiukiang College Beats Anking XI

Anking, Nov. 26.—Local athletic pride receive a set-back today, when the soccer team representing William Nast College, of Kiukiang, defeated the team of St. Paul's School, Anking, in a hard fought game, by the score of 2-1. The visitors uncovered a fast attack, with excellent team work. Only clever work on the part of David Lin, at goal for St. Paul's prevented a much larger score for the winners. Mr. Wilson of Wuhu referred.

Huron Loses To Grande Island 1—0

(China Press Correspondence)

Hongkong, Nov. 19.—By careless base running the Huron lost today to Grande Island by the score of 1 to 0 in a seven inning game. The Huron had three fine chances to score but each time some one got confused in the signals and men were caught between the bases. The Huron out-hit the soldiers and Knoch pitched fine ball allowing only 2 hits and striking out ten. Davis was wild and was hit easily but due to fine fielding on the part of the soldiers only four hits were registered off him. Prehm and Scymanski played their usual fine game.

21 MILLIONS IN RUSSIA DOOMED, MANY CHILDREN

(Reuter's Service)

London, Dec. 5.—M. Krassin, in the course of a speech at Oxford yesterday, stated that the number of Russians affected by the famine was 37,000,000, of whom 21,000,000 including 8,000,000 children were facing starvation. He attributed the famine on the Volga to military invasions, financed by the Entente, followed by years of drought, and said that relief ought to be rendered by an international loan which Russia was unable to organise owing to the Entente withholding recognition of the Soviet.

MANY ARE DOOMED

(Rosta News Agency)

Moscow, Nov. 27.—The Swedish Red Cross Famine Relief Organisation has opened a number of medical and sanitary stations in the Volga district. The Premier of Czecho-Slovakia, Mr. Bebsh, has declared that in order to continue the relief work, his government has decided to advance a credit of ten million gold rubles to Soviet Russia. The Polish Minister of the Interior has refused to register the Polish Relief Committee in aid of the Russian famine.

The Soviet Government has concluded a contract with the American Chemical Food Association for the delivery to Russia of 1,000,000 poods of wheat in exchange for Russian raw materials. The first steamer with a cargo of wheat left New York for Reval Nov. 18.

Ten thousand refugees from the famine districts have registered at Tsaritsin and have proceeded on their way to other districts. In the Balashov district, Saratov Province, 138,000 people are starving. 64,550 children are starving in the Ijevsky district and 52,480 adults are eating anything they can swallow.

CASTORIA

for Infants and Children.

Don't Poison Baby.

FORTY YEARS AGO almost every mother thought her child must have paregoric or laudanum to make it sleep. These drugs will produce sleep, and a few drops too many will produce the sleep from which there is no waking. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labeling them "poison." The definition of "narcotic" is: *"A medicine which relieves pain and produces sleep, but which is poisonous doses produces stupor, coma, convulsions and death."* The taste and smell of medicines containing opium are disguised and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children unless you or your physician know of what it is composed. Castoria does not contain narcotics.

"I have frequently prescribed Castoria for common ailments of children with good results."
W. A. CRANDALL, M. D., Buffalo, N. Y.

"I find your Castoria is very beneficial in the treatment of children's ailments."
F. DAVIS, M. D., Chicago, Ill.

"As the father of thirteen children I certainly know something about your great medicine and, aside from my own family experience, I have, in my years of practice found Castoria a popular and efficient remedy in almost every home."
WM. J. MCCRANN, M. D., Omaha, Neb.

"I object to what are called patent medicines, where the maker alone knows what stuff is put in them, but I know the formula of your Castoria and advise its use in proper cases. I judge it to be a very useful, as well as harmless family medicine."

Peking Medical College Programs Philanthropy

(*China Press Correspondence*)

Peking, Nov. 30.—In order that the contributions of the members of the staff of the Peking Union Medical College toward philanthropic organisations may be placed where they will do the greatest good, a philanthropy fund was organised and is now entering upon its second year. The purpose of the fund, which is handled by a committee under the chairmanship of Dr. H. E. Moloney, is to lump together all contributions of the P. U. M. C. staff and then to reapportion them according to certain percentages made out by the committee as the result of careful investigations into the workings and needs of various philanthorpic organisations in Peking needing funds. The scheme was originated in the P. U. M. C. and has been so successful that it has been suggested that a similar fund might be handled by the Peking foreign community as a whole.

The advantages of the philanthropy fund are that it does away with constant sollicitations by canvassers representing various organisation and limits the securing of funds to one annual campaign conducted by the members of the P. U. M. C. staff itself. All contributions secured in this campaign are put in the fund and then given by the committee in charge through its secretary treasurer, Mr. Philip A. Swartz, to some twelve Peking organisations. The money is apportioned by a definite program determined upon by the committee and announced to the contributors. At the same time any money for some special purpose is gladly handled by the committee in the form of direct contributions, and in the event of the contributors as a whole wishing some new organisation to be placed on the list, this is done if seven-eighths of the contributors so desire in a vote held to decide the question.

$10,251 GIVEN IN YEAR

During the year 1920-21 fifteen organisations were contributed to either through the general fund on through direct contributions handled by the committee. A total of 81 members of the staff of the P. U. M. C. contributed giving a total of $10,251.52. The sum of $4,963 was pledged and transmitted through the fund to fourteen organisations while the rest of the total was directly contributed by staff members and reported to the commitee, some $2,805 being given in this latter way to the Peking American School. Funds were allocated to special organisations by the contributors in many cases, proving that complete freedom to give where one wanted to was possible and in keeping with the general scheme of the committee allocating contributions given to the fund for distribution in accordance with the announced program. The largest number of contributors to any one organisation was 43 while the smallest was 24.

QUOTA IS OVERSUBSCRIBED

This year the committee announced recommendations calling for $7,000 to be allocated among twelve different organisations. The annual campaign has just been completed and resulted in the raising of $7,918, in virtually every case meaning that the various allocations of the committee had been more than provided for. In addition to this figure the staff of the P. U. M. C. has given $5,300 to the fund being raised by the Peking American School for the acquisition of a new building. Moreover there has been an increase in the number of contributors to the philanthropy fund from the figure of 81 last year to 115.

The success of the idea is well attested to by these results and in the opinion of the members of the P. U. M. C. staff, the handling of all philanthropic subscriptions by a committee of the subscribers means untold benefits for both givers and receivers of the money. The concentration of many different campaigns for funds into one annual drive is much easier for all parties concerned and result in every organisation securing more support than it could through individual campaigns.

Obituary

FREDERICK HUTH JACKSON

(Reuter's Service)

London, Dec. 3.—The death is announced of the Rt. Hon. Frederick Huth Jackson, P. C., one of the partners in Frederick Huth and Co., and a director of the Bank of England, at the age of 78 years.

MRS. F. P. PICKETTE

The dread small pox plague claimed another victim from the foreign colony yesterday when Mrs. F. P. Pickette died in the Isolation Hospital, leaving a six weeks' old baby motherless.

Mrs. Pickett was the wife of Mr. F. P. Pickette, the manager of the Delco Light department of Fearon, Daniel and Co., and came to Shanghai with her husband from Spokane, Washington, about a year ago.

Funeral services will be held this afternoon at the Bubbling Well Cemetery when Rev. Father John A. Croke of St. Joseph's church will officiate.

"The Idle Class"

"The Idle Class," latest Chaplin film to come to Shanghai, scored very heavily with its first night audience here at the Olympic Theater yesterday evening. Chaplin is at his best in the picture, which is another of the recent remarkable productions which the author-actor has. The Olympic was well filed and it is safe to say that the theater will be crowded tonight and tomorrow night for the remaining two performances there.

DON'T BLAME COOK

If your morning toast is soggy or hard as a board, don't blame cook. He does his best but "home-fashion" toast can not be made with "China-fashion" bread made from local flour. Use BAKE-RITE bread and you will enjoy the best toast that you have tasted since you came to the East.

BAKE-RITE BREAD is made from imported flour and imported yeast, scientifically mixed by foreign bakers, baked by electricity and wrapped in clean waxed paper as soon as it leaves the oven.

Toast

As a matter of real importance can any reader kindly inform us what it is that Chinese cooks do with toast to produce the abominable travesty of that excellent breakfast concomitant that we all know but too well? Most of the dishes beloved of foreigners Chinese cooks (for whose genius we have the greatest admiration) can and do learn to make admirably. But toast is seemingly beyond them. It may come to table outwardly hot and crisp. But two minutes later it has changed either to something of the consistency of damp felt, or to adamant. The most careful directions may be given: hold the bread in front of the fire, do not scrape it, do not lay it down but stand it on edge, do not begin toasting it till the last minute. But all in vain. What does cook do?

Sex Love In Marriage Right, Declare British Specialists

Medical And Chirurgical Faculty Maintain The King's Physician, Bacon Dawson, In His Criticism Of Bishops

London, Oct. 15.—Frankly sensational remarks on "sex love" by Baron Bertrand Dawson, at the Church Congress in Birmingham, has set the whole medical and clerical world to talking on this controversal subject. Not only Lord Dawson's professional standing in the medical world but also his social position as physician-in-ordinary to King George, gives more than ordinary prominence and importance to his views.

Salient points in his address at the Congress were: "Sex love" between husband and wife—apart from parenthood—is something to prize and cherish for its own sake. Reciprocity in it is a physical counterpart of intellectual sympathy. Romance and deliberate self-control don't rhyme very well together. It is as important to give sex love its place in life as to avoid its over emphasis.

"Birth control by abstention is either ineffective or if effective is pernicious to health and happiness. Excessive birth control is an evil because maternity gives to woman her most beautiful attributes."

Lord Dawson's general attitude was in opposition to the resolution passed at the last Lambeth conference—the triennial convocation of the Anglican communion throughout the world—which condemned sex love except for the procreation of children.

Several leading specialists in Harley and Wimpole Streets—the center of Great Britain's medical experts—indorsed Lord Dawson's opinions.

"I cordially agree with every word," said Sir William Arbuthnot Lane, one of the greatest surgeons in the country. "I congratulate Dawson on telling truths that badly needed telling in the open, although all reasonable people have accepted them in private. The times are favorable for such a pronouncement, as since the war the public has become much more broadminded and more and more the veil of hypocrisy is being rent. I do not think, however, that the average man realises even yet how vast a part is played by sex in everyday life.

"There will be, or course, much opposition to recognition of birth control. It will come from many who honestly but wrongly do not believe in such recognition, from many to whom humbug has become almost instinctive from men who are sexually subnormal—remember civilisation tends to destroy natural impulses—and from men who have forgotten earlier vitality."

Dr. Bernard Hollander, one of the leading British specialists in mental and nervous diseases, is also in sympathy with Dawson's speech, saying "where there is true love, union is not actively sought but follows naturally. Nature has so ordained it. Conditions must depend very much on individual health and temperament. The husband and wife must study each other, for when one partner thinks only of his or her gratification the other is sometimes consigned to an early grave. Our knowledge of sex is still very limited, but both excess and deficiency of its fulfilment affects the mentality of the individual. As for birth control, it is an economic necessity. The church is out of date on this subject."

American Woman's Club Meets Today

A musical program, arranged by the Music Department, will feature the regular meeting this afternoon at the Carlton of the American Woman's Club. The program includes numbers by Miss Austin, Mr. Graham, Miss Bostwick and Mrs. M. P. Walker, Mme. Paskevitch, Mrs. Van Camp and Mrs. Chapman and Mme. Tcherkasskaya.

DRYEST BOOK EVER

(China Press Service)

New York, Nov. 5 (by mail).—That "old soaks" will be dried up forever by the driest of all dry books is the hope of the New York Anti-Saloon League, which has just published a 50,000 word "dry" law enforcement text book. Four years were needed to prepare the volume. William Anderson, superintendent of the New York Anti-Saloon League, said in reference to the publication: "We don't want a new crop of old soaks, and we hope this new book will dry the old ones up."

Mrs. Craigie's Lodge Yields 2 Skeletons

Discovery Furnishes Sensation Until Archeologist Puts Age At 200 Years

London, Oct. 15.—Craigie Lodge, a residence on the Isle of Wight which derives its name from the fact that it was once occupied by the novelist John Oliver Hobbes (Mrs. Craigie) daughter of John Morgan Reichards, a wealthy American pill manufacturer, who published a volume of memoirs some years ago has been the center of short-lived sensation.

The skeleton of a child was found in the garden of the lodge the other day and the police were notified. While they were making their investigations the present owner of the house, Mrs. Bethell, gave a tea party at which one of the guests was a Mrs. Pollock, member of a well-kwown legal family, who claims to have clairvoyant powers.

Mrs. Pollock was shown some bones from the child's skeleton and, clasping her brow in the approved fashion, she declared: "There is another skeleton there, the skeleton of a woman near that of the child. If you dig you will find it."

Mrs. Bethell's gardener was sent to dig further and did discover another skeleton. The Isle of Wight police got very busy and so did the sensational newspapers, which were keen on the scent of a mysterious crime. Mrs. Pollock asserted that the child had died from violence, and in a number of interviews she suggested that the mother had come to her end by dubious methods.

The police got an archeologist to examine the skeletons and he came to the conclusion that they were at least 200 years old.

Exchange Fluctuations

Asia Banking Corporation

December 5, 1921

Spot and forward bar silver were each down ¼d. in London on Saturday.

The New York price declined to 67 cents and the London-New York cross rate is unchanged at 405.

The official Sterling rate was dropped today to 3-8½, the Gold Dollar rate to 75, the Rupee rate to 278, the Franc rate to 1030, and the Yen rate raised to 64.

The market at the opening was steady, there being sellers of Sterling at 3-9 for December, 3-8⅛ for January and 3-7¼ for February.

There were sellers of Gold Dollars at 76 for December, 75 for January and 73½ for February.

Banks, however, were not good sellers, and rates, therefore, eased off later in the day, and the market closed weak with no sellers at better than 3s. 8⅝d. for December, 3s. 8d. for January and 3s. 7d. for February. There were possible sellers of Gold Dollars for December at 75¾, at 74½ for January and 73½ for February.

China sold silver in London on Saturday and India bought.

There does not appear to be very much strength in the silver market just at present.

WHAT TO DO WHEN BABY HAS INDIGESTION

In babies and very young children indigestion is caused by errors in diet, frequently by over feeding. Its symptoms are loss of appetite, peevishness, wind, vomiting, furred tongue, bad breath, hic-cough and restless nights. The best treatment is Baby's Own Tablets, which clear away the offending matter and sweeten the stomach. With proper attention to the diet they usually effect a prompt cure.

Baby's Own Tablets, the Canadian children's remedy, are the most valuable medicine you can have in the nursery. They are guaranteed free from opiates and absolutely harmless, and are a remedy for teething troubles, constipation, colic, diarroea, simple fever and worms. They promote a healthy appetite, restful sleep and regular development.

Sold by chemists, or by mail at 60 cents the vial by the Dr. Williams' Medicine Co., 96 Szechuen Road, Shanghai.

The Chinese Political Stage

BY JOSEF W. HALL

FOR ways that are devious, observed Bret Harte, the Chinese is beyond compare. But Bret Harte never knew the half. For Bret never met a Tuchun.

It is an old official ruse to pretend that no loan is being negotiated when the country's resources, revenues or even sovereignty are actually being hocked. But it has remained for Tien Chung-yu, unwanted Tuchun of Shantung, and unwanting prospect for Minister of War, to reverse the ruse.

Some days ago he invited a number of his friends and a few of his enemies to a banquet in the reception rooms of the Peking-Hankow railway station, and created a sensation among the native sons of Shantung by announcing that he had completed negotiations with the "Canada Bank of Tientsin" for a three and one-half million dollar gold advance, land and other taxes of Shantung to be security. The Shantung Provincial Assemblymen who got the news by wire flew out of their desks, the Shantung Native Sons Guild in Peking met posthaste, and immediate letters of protest and invective were addressed to the British Legation on the one hand begging the Legation to restrain the "Canada Bankers"; and to the President and Premier on the other hand demanding that Tien be forced to cancel his agreement, and moreover be summarily dismissed for his presumption.

The British Legation is this morning receiving a delegation of the Shantung native sons, with the object, it is said, of collecting information on a subject regarding which it is in total ignorance. The Shantungese have data to give as follows: Tien Chung-yu, Tuchun and Civil Governor of Shantung, has concluded with the Canadian Banking Syndicate in Tientsin a loan agreement providing Gold $3,500,000 ostensibly for repair of the Yellow River dykes and commercial rehabilitation of flood and famine devastated areas of the province, security to be local bonds and surtax on land, period ten years, discount nine percent, advance within two months after signing.

The only slip-up in all this detail seems to be that neither the native sons nor the British Legation can locate the alleged lenders, the "Canadian Banking Syndicate of Tientsin."

The native sons are beginning to have that sinking feeling at the pit of the stomach caused by the growing suspicion that they are victims of a beautiful hoax on the part of their beloved Tuchun. Of course there must be some reason for Tien's perpetrating the practical joke. Maybe he just wishes to demonstrate to the world how excitable his political opponents, who do not cease to agitate day nor night for his downfall, are. Or maybe under cover of the excitement he is slipping over a real loan with someone *not* the "Canada Banking Sydicate." Or maybe, as is possible, he is quitting Shantung presently, and this is his parting little tweak at the nose of the Provincial Assembly with which he has such notoriously unpleasant relations.

REPORTS from Shensi are to the effect that the residents of that province and visitors thereto are the victims of an exaggerated case of Tuchunal swelled-head on the part of the over-lauded "Christian General," Feng Yu-hsiang. It will be remembered that Wu Pei-fu always objected to the near company of Feng on this basis, although the policies of the two generals should naturally have thrown them together.

Returned visitors to Shensi state that Feng has adopted a rabid policy of "China for the Chinese and Shensi for Feng Yu-hsiang." He has little respect for foreigners of any nationality, and particularly causes the weight to his contumely to fall upon the British, whom he delights to insult when occasion arises. Passports and credentials from the Peking government he openly flouts. "In Shensi *I am Peking*," is one of his favorite boasts.

Judging by the recent success of the deposed Tuchun Chen Shu-fan in capturing Fenchow, however, the "Christian General" may in the near future find himself very much mistaken as to "who" he is. His arrogance toward the people and even toward the old civil governor Liu Chen-hua, whose desertion of Chen Shu-fan made it possible for the Chihi-ities to enter Shensi, are rapidly placing the people of Shensi in open hostility toward him. No foreign ruler, particularly if he be arrogant, has in the past been able long to "hold down" Shensi. The Shensi-ites, like the Mexicans, whom they resemble in many traits love only one thing more than fighting among themselves, and that is to massacre the outsider. Due to the secret society of Ko Lao Hui, still strongly entrenched in Shensi and always possessing arms, the populace of Shensi are the most dangerous in China, except possibly the Mohammedans of Kansu.

Christian propaganda is already in very bad odor in Shensi. The tyranny of a man who preaches in the Y. M. C. A. on Sunday and is popularly believed to be the spoiled pet of the missionaries is not calculated to further Christian advance in that degraded province.

Personally, with the expedition of Roy Chapman Andrews which has recently suffered at his hands, we are tempted to believe that the experiment of Feng Yu-hsiang as a Christian general is heading for a decided failure.

'Whites' Backed By Vladivostok

(Reuter's Pacific Service)

Peking, Dec. 2.—A despatch from Vladivostok which has reached Peking through foreign official channels compares the activities of the White forces in the Maritime Province to these of the "Red Partisans" in Transbaikalia last October, when the overthrow of the Kappel and Semenov forces was accomplished largely by troops actually under command of the Verkhne-Udinsk Government.

It appears that the Vladivostok Government, which, like the Verkhne-Udinsk Government, is prevented by an agreement with the Japanese from commencing hostilities, is actually behind the movement of the "White Partisans" against the Chita troops. It adds that a small body of White troops captured Ussuri on November 30, but will be disarmed by the Japanese as this is neutral territory.

U. S. Asks Return Of Ransom

(China Press Correspondence)

Peking, Nov. 30.—The American Consul at Foochow is taking up vigorously the case of the native missionary, Sieh I Sion, who was arrested by the General sent out by the Governor of Fukien to suppress badits, on the trumped up charge of illegal land holdings, and then threatened with death if a large ransom was not paid.

A meeting is being held at Yungchun to investigate the matter, and the Consul at Foochow has requested General Li Hou-chi, the Military and Civil Governor of the province to see to it that his Commissioner of Foreign Affairs at Amoy is on hand to prosecute the investigation, at which all the missionaries, and others connected with the case will be present.

If the Commissioner of Foreign Affairs does not prove able to attend a member of the staff of the Consulate will go and conduct the investigation himself, The matter has been taken up by the Legation in Peking, the Department in Washington and the Chinese government in Peking.

In spite of repeated communications with the Governor of Fukien, all attempts to get some sort of satisfactory statement from him promising the punishment of General Ma P'u Yun, and the return of the $8,500 that were paid by the American Mission in Yungchun to save the life of their native preacher, no satisfactory answer had been received, up to the last report, sent the middle of November. Investigation at Amoy on October first showed that the Commissioner of foreign Affairs was merely sitting in Amoy corresponding by letter with the magistrate of Yungchun. This delinquency has been called sharply to the attention of the Fukien Governor.

The consul has recommended that the Fukien Governor take especial pains to see to it that the Commissioner for Foreign Affairs at Amoy is able to attend this meeting. The alternative is that a member of the Consulate staff will conduct the investigation.

The case is considered especially serious in as much as it is threatening the work of the missionaries all over Fukien province. Already many of their members from among the Chinese are becoming uncomfortable and are afraid of future acts of brigandage on the part of the sub-officials, if General Ma is not removed and punished. It is pointed out too, that if nothing is done the missions, no matter how rich they may be, can never stand the sucking of their funds by these briganed officials, if they once get the idea that they can do it without fear of punishment.

Egypt Balks At Terms

(Reuter's Service)

London, Dec. 3.—The British and Egyptian official papers respecting the negotiations with the Egyptian delegation confirm the report that the military question was mainly responsible for the failure to reach an agreement.

A draft convention was handed to Adly Pasha on November 10, which provides that Britain shall undertake to support Egypt in the defence of her vital interests and the integrity of her territory.

British forces shall have free passage through Egypt and shall be maintained at such places in Egypt and for such periods as shall from time to time be determined. They shall have facilities for the acquisition of barracks, aerodromes, naval harbors, etc.

The Egyptian reply, presented on November 15, suggests that the localisation of the British forces in the region of the Canal would have been sufficient. It says that the British proposal constitutes occupation, pure and simple, and destroys every idea of independence.

The reply also objects to the stipulations governing the conduct of foreign affairs which provide for consultation of the British Government through the High Commissioner before entering into any political agreements with foreign powers and likewise to the appointment of financial and judicial commissioners, etc.

The High Commissioner in a letter to the Sultan, dated today, says that the British Government is prepared to consider any methods for carrying out suggestion or proposals. It cannot, however, modify the principle on which the proposals are based or relax the safeguards they contain.

Not long ago we prayed that war
And war's alarms might cease,
And yearned for those old days of yore—
The piping times of Peace.
They came at last, and now, alack!
The wolf is at the door,
And I for one would welcome back
The piping times of War!

WHAT ABOUT MAH JON?

The present agitation in England as to such games of chance as poker, crown and anchor, etc., is no new thing. So long ago as the days of Henry VIII Parliament passed an Act which condemned certain gambling games, among them one called shove groat, which was precisely the same little gamble, now popular among errand-boys, known as shove ha'penny.

Other acts of the same kind followed, but they all became more or less dead letters. As every one knows, public gambling went on during the late eighteenth century and well on into the nineteenth absolutely unchecked. There were State lotteries for the public at large, while in clubs men played any game they pleased, and for any stakes they liked.

"One leads where many follow."

Hall's Distemper has led the way to a new era in house decoration—the era of brighter, cleaner and healthier homes.

It is the most durable of all decorations, lasting for years with freshness unimpaired, whereas wall-papers deteriorate from the first day by fading and accumulating dust and dirt.

Hall's Distemper is a thorough disinfectant, and is applied directly upon the wall, forming a hard surface, from which dust and dirt may be "spring-cleaned" by lightly sponging with warm water.

Hall's Distemper (Registered Trade Mark)

is a unique preparation and has the recommendation of leading sanitary authorities, architects, and decorators everywhere.

Avoid disappointment by refusing substitutes which do not possess its advantages.

Of all Decorators.

First Report Of Sugar Crop Of British India Shows A Decrease

The first report of the sugar crop of British India to be harvested during the winter of 1922 has just come to hand and shows a decrease of 10 percent in sowings. Growing conditions have not been particularly favorable. In the United Provinces, which produce over half the crop, the outturn was estimated in August as 80 percent of normal and the other provinces report a similar status. On the whole, a yield approaching that of last year appears to be anticipated and on that basis the crop will reach 2,200,000 tons. Last year the outturn totaled 2,465,000 tons. while the year before, with 133,000 acres larger sowings than last year, the outturn totaled 3,036,000 tons. This last represents a yield of 1.13 tons of sugar per acre of cane, while the yield last year was .92 tons. A yield such as in 192[illegible] will give a crop of 2,680,000 tons in 1922.

We print below the detailed figures contained in the present estimate:

Provinces	1921-22	1920-21
United Provinces	1,230,000	1,434,000
Punjab	386,000	477,000
Bihar and Orissa	295,000	276,000
Bengal	221,000	217,000
Others	239,000	232,000
Total	2,371,000	2,636,000

The heavy production of native sugar (3,036,000 tons) in 1920, the year of high prices, was most opportune, as, although the demand for domestic and imported cane sugars is largely independent, the supply of the former was used in a large measure to replace the usual importations, and such imports shrank to 313,719 tons, of which 77,689 tons were re-exported. In 1913 the imports were 749,926 tons and the re-exports only 9,502 tons. For several years past Java has been the main source of these imported sugars. Although in 1920 the re-exports went largely to the United States, in other years, as well as in 1920, the India ports have carried on a large business with Persia and the old sections of Asiatic Turkey.

With a smaller native crop during 1921, the imports of foreign sugar have shown some increase and new crop Javas are now going to India in quantity. However, they are still far below normal, which is probably due to some extent to the high tariff in force this year. The rate of duty collected in India each calendar year is 10 percent of the rice of the sugar imported during the twelve months ending the previous October 1. During the twelve months ending October 1, 1920, the price of sugars, as is well known, was extremely high and consequently the tariff against Java white sugars is now equal to 1.13c per pound at normal exchange, as compared with 0.53½c in 1920. On January 1, 1922, the rate will again change and will be reduced to conform with the price for the twelve months, ending October 1, 1921. The tendency of such an approaching change will naturally be to restrict the demand for foreign sugar in India this fall and create a good demand when the rate is reduced in January.

America's Trade With Islands During October Was P. 10,824,838

During the month of October this year, the United States carried on the heaviest trade with the Philippines amounting to P.10,824,838 composed of imports valued at P.5,762,567 and exports valued at P.5,062,271. Japan was second with P.2,378,720, composed of imports to the value of P.1,129,180 and exports to the value of P.1,249,540. China, third with P.1,463,244 made up of P.1,115,649 imports and P.347,595 exports; United Kingdom, fourth with P.1,371,293 made up of P.457,193 imports and P.914,100 exports; Spain, fifth with P.1,155,023 made up of P.14,185 imports and P.1,140,838 exports; and Germany, sixth with P.1,102,533 made up of P.50,027 imports and P.1,052,506 exports.

These are the only countries that reached the P.1,000,000 mark in their trade with the Philippines during October. Others which have trade considerably but have not reached the P.1,000,000 mark are France, Hongkong, the Netherlands, Australia, British and Dutch East Indies.

The amount of trade that passed through the port of Manila during the month was P.17,279,875 out of a total trade of P.21,701,583; through the port of Cebu, P.2,788,816; and through the port of Iloilo, P.1,014,355. Very little trade passed through the other sub-ports.

British vessels carried most of the trade during the month; American, second, and Japanese third, each carrying trade to the value of P.12,276,450, P.4,879,656, and P.2,905,126 respectively.

The total number of vessels that entered Philippine ports during the month was 77 with a total net tonnage of 226,592 as compared with 95 vessels with a total net tonnage of 267,261 for the same month last year. The total number of vessels cleared was 70 with a total net tonnage of 209,550 as compared with 95 vessels with a total net tonnage of 286,118 for the corresponding month in 1920. Most of the vessels entered the port of Manila.

(Reuter's Service)

Washington, Dec. 4.—An official communique states that Dr. Wellington Koo explained to the Far Eastern Committee yesterday the history of the leased territories and, concluding, said that both Great Britain and France based their claims for leases on the ground of the necessity of preserving a balance of Power in the Far East. Conditions had entirely altered in the last twenty years.

With the elimination of the German menace a particularly important disturbing factor had been removed. Russia had also disappeared. Similarly the misrule of the Manchu Dynasty had disappeared. The very fact that a Conference was being held in Washington for arriving at a mutual understanding indicated an added reason for dispensing the necessity of maintaining a balance of power, which was the principal ground of the Powers' original claims. Therefore the Chinese Delegation believed that the time had come for the Powers to relinquish control of leased territory.

Dr. Koo added that the existence of such leased territories greatly prejudiced China's territorial and administrative integrity because they were all situated upon strategical leaseholds. It also hampered the work of national defense by constituting in China a virtual imperium in imperio.

COMPLICATIONS HINTED

Furthermore, the shifting conflict of interests of the different leaseholders had involved China more than once in complications, of which there was the Russo-Japanese War, caused by the Russian occupation of Port Arthur. Kiaochow had brought the European war to the Far East.

Some of these territories were utilised with a view to the economic domination of vast adjoining regions as points d'appui for the development of spheres of interest, to the detriment of the principle of equal opportunity for the commerce and industry of all nations. In the interest not only of China but of all nations and especially for the peace of the Far East, the Chinese Delegation asked for an early annulment of the leases and urged, meanwhile, that the leases should be demilitarised, the leaseholders undertaking not to make use of leases for any naval or military purposes.

The Chinese Delegation were fully conscious of the obligations upon them. After the termination of the leaseholds, China would be prepared to respect and safeguard the legitimately vested interests of the different Powers within those territories.

FRENCH ARE WILLING

M. Viviani announced that the French Government was prepared to restitute its leaseholds, provided that the details of the restitution were regulated by an agreement between the Chinese and French Governments.

Mr. Hanihara said that Japan had not obtained leases from China directly but as the successor of other Powers at a sacrifice of men and treasure. She had succeeded Russia in the Kwangtung leasehold and had succeeded Germany in Kiaochow. Japan had already announced her willingness to give up the latter, on which matter conversations were now proceeding.

He added that Japan had no present intention of relinquishing the important rights that she had lawfully acquired in Port Arthur, which formed part of the region where, by its close proximity to Japan, she had vital interests, relating to her economic life and national safety.

This fact was recognised and an assurance was given by the American, British and French Governments when the international consortium was formed that the vital interests of Japan in this region should be safeguarded. The interests established in Kwangtung were regarded as an essential part of Japanese economic life.

BALFOUR GIVES STAND

Mr. Balfour pointed out that leaseholds were held under very different and most varying circumstances. Great Britain held two different kinds of leases, which must stand on a different footing. He had been asked why it was considered necessary that the leased territory of Kowloon should come under the same administration as Hongkong, but that was because without the leased territory, Hongkong was perfectly indefensible and would be at the mercy of any enemy with modern artillery.

The safeguarding of Hongkong was not merely in the British interests but one in which the whole world was concerned, as it was the first among the world ports.

Mr. Balfour proceeded to read extracts from the United States Government Commercial Handbook on China, supporting his contention that the position of Hongkong in the world's trade was unique and unparallelled. Hongkong was the financial center of the East. It would be a great misfortune if anything occurred which was calculated to disturb the confidence of the nations using Hongkong.

Kowloon Extension was in a different category but must be dealt with in a different spirit from the leaseholds which had been acquired with totally different motives. Weihaiwei had been acquired during the general movement for obtaining a leasehold in China, and in which the British Government was influenced by the desire of resisting the economic domination of China by other Powers. It was also based on the desire for the maintenance of a balance of Power and with a view to the maintenance of the policy of the open door, it being intended to check predatory actions by Germany and Russia. Mr. Balfour emphasised that the lease gave no economic rights or advantages to Britain.

READY TO WITHDRAW

Washington, Dec. 4. — The French delegation has informed the Far Eastern Committee of its readiness to associate in a collective restitution of Chinese territorial leases, provided that the details of the restitution are regulated by an agreement between the Chinese Government and each interested Government.

It is reported that the Japanese have agreed to discuss the retirement of many of their territorial privileges in Manchuria.

The Chinese are greatly pleased with the generous offers of all three Powers, especially Great Britain.

Assessor Again Hits At Chinese Practise Of Eluding Justice

Apologising to the Spanish consul for remarks from the bench several days ago, when he made scathing allusion to the practise of Chinese registering in foreign consulates in order to escape trial, Assessor Blackburn of the Mixed Court yesterday at the same time reiterated his condemnation of the system.

"I wish to apologise to the Spanish consul for my remarks in open court on the subject of Chinese being able to register in foreign consulates and thereby escape justice, during which I mentioned the Spanish consulate," Assessor Blackburn said.

"Nevertheless I reiterate that it is a scandal than any Chinese are enabled thus to register in any foreign consulate and so evade justice."

The case which called forth Assessor Blackburn's previous remarks was that of a Chinese who succeeded in registering himself at the Spanish consulate after a warrant had been issued for his arrest, being thus able to escape trial in the Mixed Court.

The Consular Body is understood to have the question of registrations under consideration and an announcement is looked for.
